

AUGUST 15-21, 1994

FULL STURGEON MOON, AUGUST 21.

A STORM NAMED CAMILLE

August 17 marks the twenty-fifth anniversary of one of the most intense hurricanes ever to hit the U.S. mainland. Hurricane Camille struck Louisiana and Mississippi with winds estimated at 175 to 200 mph. The storm surge peaked at 24.2 feet and the barometric pressure (26.73 inches) was one of the lowest ever recorded in the Gulf of Mexico. Camille was downgraded to a serious rain squall as she moved north into Tennessee. But as the "squall" crossed into Virginia she cut loose with intense rain averaging 4 inches, but in excess of 27 inches in some areas. Camille raged for 6 hours in Virginia, devastating an area 40 miles wide and 120 miles long. Over 400 fatalities and \$1.42 billion in damages were attributed to Camille.

We may achieve climate, but weather is thrust upon us.

TIP OF THE WEEK

Freshen soggy crackers and chips by microwaving on high for 30 to 60 seconds, then let stand 2 minutes.

EARTHWISE

Now there's new life for PF-1 plastic soda bottles! Manufacturers have discovered a way to make a soft, cushiony fleece from recycled bottles. Marketed under several different brand names (Eco-fleece and Re-Threads Fleece™ are a couple we've seen) the fabrics also have differing contents, but all are primarily composed of post-consumer recycled bottles. We've seen various items from picnic blankets to sweat pants. Ask for them where you shop.

SPICED PEACH SHAKE

- 1 large peach
- 1/2 cup lowfat frozen vanilla yogurt
- 1 teaspoon honey
- pinch of cinnamon
- pinch of ginger
- sprig of mint for garnish

Peel, remove stone, and quarter the peach. Place all the ingredients in a blender and process until smooth. Pour into a tall glass, garnish with mint, and serve.

Makes 1 serving.
