

Top Jerseys Shown By Normandell Farms

C.J. Houghtaling
Tioga Co. Correspondent
WHITNEYVILLE (Tioga Co.)
— Brothers Ernest and David Norman and their children paraded their Normandell Jerseys around the showing throughout the day to garner numerous blue ribbons during the District IV Jersey Parish Show, August 16, at

the Tioga County Fairgrounds. In the end, the family placed first in ten categories, earned a respectable second or third place nine times, took Senior Champion, Reserve Senior Champion, Grand Champion, and Reserve Grand Champion, all of which led to their being named Premier Breeder and Premier Exhibitor.

But it wasn't a landslide victory by any means for the Normans of Liberty. Only 12 points separated Normandell Farms from the next family farm vying for the Premier

awards, proving stiff competition, indeed.

Forty-one cows and 39 calves and heifers took part in the District Show. David Greathouse of Ham-

burg, PA judged the classes, pronouncing all entries fine looking animals.

Greathouse named Bren-Delite (Turn to Page A34)

The district Jersey champions. Laura Fitch, Tioga County dairy princess, presents awards to David Norman with the grand champion, and Ernest Norman with the reserve grand champion.

The Norman family received the premier breeder and the premier exhibitor awards. From left, front, Howard holding Gregory Moyer, Ellen, Cathleen, Renee, Emily, and Laura Fitch. Back, Dorothy holding Charles Moyer, Ernest, Mark, David, and Aggie.

MAHONING OUTDOOR FURNACES
"The Natural Way To Heat Your Home"

Burns Coal, Wood, Oil or Natural Gas
FUEL USED IN STANDARD UNIT: WOOD & COAL & WOOD BY-PRODUCTS (SAWDUST, PAPER, ETC.) FUEL USED IN MULTI-FUEL MODEL: SAME AS ABOVE INCLUDING OIL, PROPANE, NATURAL GAS

efficiency Rating 83% to 85% - Cut Emissions by 90%
3-Year Warranty Except Electrical Components (1 Year)

PROUDLY BUILT IN CLEARFIELD COUNTY, PENNSYLVANIA
100,000 - 500,000 BTU 24" - 60"

- ★ The only outdoor furnace made with a Catalytic Combuster. ★
Mahoning Catalytic Combuster Will Help In The Following Ways:
1. Burn one cord of wood which equals 166 gallons of oil.
 2. Your fuel source becomes enormous (inexhaustible and poses few risks to public safety).
 3. Over all efficiency of 85% which means the heat no longer goes up the chimney!
 4. You get more heat from a log compared to the non-cat furnace.
 5. More burn time - less reloading time!
 6. Zap 90% of pollutants, made from fire source.
 7. Saves you a lot of money!
 8. User friendly, emits no smoke!
