Seniors, Juniors Win District Competition

On June 20, the Dauphin County 4-H Goat and Rabbit Club hosted a district rabbit bowl competition at the Dauphin County Extension.

Teams from York, Berks, Dauphin, Bucks, Montgomery and Mount Joy competed. The senior

competition was won by the Dauphin County team of Katie Deveney, Nikki Harmon, Heather Rhoad, and Scott Theurer.

This was the second year in a row that Dauphin County won this competition. The junior competition was won by the York Team of Karen Keyser, Ryjelle Kraft, and Missy Stough.

Berks 4-H
Berks County 4-H members Angie Werley and Amy Phillips of the Northern Berks 4-H Dairy Club and Richie Folk and Stephanie Wojszwillo of the Leesport 4-H Club participated in the sixth annual Penn State 4-H Ambassador Conference held at University Park Campus. Dolores Spatz accompanied the group as chaperone.

They attended workshops on interviewing skills, public speaking and marketing. These ambassadors will serve as spokespersons

for the 120,000 4-H members of Pennsylvania. In addition to the workshops, the conference delegates visited with a number of Penn State faculty and administrators during a reception sponsored with William Asbury, vice president for student affairs.

State 4-H Ambassadors promote the 4-H youth program and the land-grant university system

and are available to speak to groups about Penn State Cooperative Extension and 4-H.

For more information about the program, or if you would like to invite the Berks ambassadors to speak to you about 4-H, contact Richard S. Kauffman, Berks County Cooperative Extension, Berks County Ag Center, PO Box 520, Leesport, PA 19533-0520.

MEETS THE CHALLENGE

If Fuel Economy and Soil Conservation Are Concerns Of Yours, Buy Brillion

BRILLION FLAIL SHRED-DERS keep going when others stop! One of the most important features is that you get the heaviest gearbox on the market with this machine. 12 & 15 foot. With either side slicer or cup knives.

COMPACTION COMMANDERS NO-TILL RIPPER/DEEP RIPPER DESIGNED FOR YOUR CONSERVATION NEEDS

Brillion introduces their new Compaction Commander... designed to break up hardpan and compaction as deep as 20". The standard V-shaped alloy point and wear strip leaves residue on the surface with minimal soil disturbance. Auto-reset shanks with 20" of trip height allows for non-stop tillage. Parabolic shanks lift and fracture the soil. 39" of underframe clearance assures trouble free operation even in heavy residue.

BRILLION THREE SHANK DEEP TILL has a Category II hitch. With a cutting width of 7'6", it is ideal for operators with smaller acreages and horsepower. It is extremely maneuverable, yet provides the same basic deep tilling job as its "big brother." Available with coulters.
