• 16x7

There's nothing more
important to a crop than
early even emergence. To
get it, you need accurate,
even seeding.

The 5300 has earned a
reputation for its seeding
precision, a function of its
exclusive feed cup design
and dependable disk openers.
And, to improve
placement of seed, the
opener drawbars are heavier
than on previous models.
Press wheels and opener
bearings are heavier for
long life operation.

Along with accuracy,
the 5300 gives you fast,
high capacity seeding, so
you spend less time refilling
hoppers. Grass seeding
attachment for 16x7.
