PURE POWER ALTERNATIVE

FOR YOUR DAIRY

The Bou-Matic® Air-Star™ vacuum pump uses rotary displacement technology to create vacuum, so it uses much less oil for internal lubrication and doesn't consume oil like the oil-vane vacuum pumps. This pure power sure beats the messy alternative... oil-vane vacuum pumps that spew oil through the exhaust creating a hazardous, messy build-up near your pump exhaust.

So help clean up the environment and save money with Bou-Matic's pure power alternative, the Air-Star vacuum pump.

Available Sizes: 5 hp to 30 hp.

We Can Help Improve Your Dairy Business...
