Model 1680 PIT PAL®

AGITATES — PIT PAL's heavy duty pump has the power to agitate a pit, mixing those heavy bottom solids into a pumpable slurry.
CHOPS — PIT PAL'S unique intake-port design provides constant chopping action — up to 5,000 'shearing action' cuts per minute. This cutting action guarantees that straw and fibrous material will be chopped into a pumpable form.
PUMPS — PIT PAL'S handy gate valve permits agitating and/or pumping of 'under-barn' or outdoor manure pits. PIT PAL is portable, giving you the flexibility to use it in many locations.
LOADS — Load your slurry wagon by combining your PIT PAL to force feed a vacuum tank or over the top with a load stand.
PRIMES — PIT PAL will operate as a priming system for your high pressure irrigation pump.

750 Gal. Min. Hyd. Drive Agitate & Load
