We redesigned the GLEANER® rotary from header to spreader with fewer moving belts and chains. So you get greater reliability and reduced maintenance during harvest. And now, three of four models* offer you an engine choice — a high torque rise Cummins diesel or a low maintenance air-cooled Deutz, both loaded with power to spare. Check out the combine that's built for greater reliability and backed by a strong AGCO warranty and superior service — the GLEANER rotary. Visit your local AGCO GLEANER dealer today. And ask about flexible AGCO financing.

* R2 available with Deutz air-cooled engine only
