## See Binkley & Hurst Bros. For Quality New Rhino Equipment To Do Your Job Right!

# RHINO

**If It's Snow Removal Or Heavy Duty Excavating, You  
 Need A Rhino Blade From Binkley & Hurst Bros. Now!**

A support stand is standard on the 800 Blade to provide safer storage and unit hook up. The moldboard and replaceable cutting edge form a constant curvature to cut and roll the material being worked more efficiently. Optional equipment includes quick latch end plates, skid shoes, and CAT II quick coupler bushings.

The 800 Blade features mainframe swing, moldboard pivot, and moldboard tilt to fit a wide range of applications. The blade can be offset a maximum of 30" from the center line of the tractor for working outside the tractor tire. The moldboard can be pivoted a full 360 degrees for backfilling or working in hard to reach areas.
