### New York & Phila. Frozen Egg Report

Tuesday, October 18, 1994

Prices were unchanged to slightly higher for whole egg, and the balance of prices were unchanged. The market tone was steady to instances firm. Demand was mostly moderate, and centered on immediate needs. Floor stocks of all products were at least adequate. Shell egg offerings tightened, but were still adequate for the moderate demand.

"I really feel it's helped production"

— David Bomberger

David Bomberger, a dairy farmer in Lebanon, PA, installed a hammer mill from Automatic Farm System last winter. Already he sees a big difference from the roller mill he had before.

"This mill does a much better job of cutting the corn -- now we can get it fine enough. We're feeding the same amount of corn, but the cows are utilizing it better. You see less grain in the manure. And I really feel it's helped production."

Give us a call to learn how an AFS hammer mill will work on your dairy operation, with low initial cost and low maintenance.
