

# Chester County Reviews Extension

**WEST CHESTER** (Chester Co.)—Penn State Cooperative Extension/Chester County will hold its Annual Meeting on Thursday, November 10, at the East Brandywine Firehall, Guthrieville. The doors open at 6:30 p.m. with a family-style roast beef dinner beginning at 7:00 p.m.

This year's speakers are Cathy Bowen, Penn State Family Living Specialist, who will present "The Family: Meeting Basic Living Skills Through Extension," and Jay Irwin, retired Lancaster County Extension Director, who will describe "The Emerging Agricultural Community in Eastern Europe." Door prizes of Chester County products will be awarded at the end of the evening.

Tickets are \$10 and must be purchased in advance. Contact the Extension office at (610) 696 3500 for further information.

## You Ask ? ? ? You Answer

This column is for readers who have questions but don't know whom to ask for the answers.

"You Ask — You Answer" is for non-cooking questions. When a reader sends in a question, it will be printed in the paper. Readers who know the answer are asked to respond by mailing the answer, which will then be printed in the paper.

Questions and answers to this column should be addressed to You Ask — You Answer, Lou Ann Good, P.O. Box 609, Ephrata, PA 17522.

**QUESTION** — Harriet Brown, Mifflintown, would like the address of the Echo Prestige Stainless Cookware. The cookware was demonstrated in the home by preparing a dinner with it. The hostess invited friends and neighbors to the demonstration and to enjoy the dinner. She needs the address.

**QUESTION** — Shirley Bray, Manchester, would like to know why all products are required to print "Reg. Penna. Dept. Agr." on their label even if it isn't produced in Pennsylvania.

**QUESTION** — Mrs. Alvin Hoover, Lewisburg, would like to know where Danskin tights can be purchased. She bought a pair at a yard sale several years ago and they still aren't torn even though her daughters wore them often. This is unlike most tights, she writes. She wants to know if there is a Danskin outlet, where, and a phone number if possible.

**QUESTION** — A Lehighon reader writes that she has a poinsettia plant with some problems. After it bloomed, she cut it back and new green leaves appeared, but now some of the leaves turned yellow and are falling off. Some leaves have white on them that look like mold. Is there an organic way to solve this problem?

**QUESTION** — Bob of Bob's Radiator Repair in Woodstown, N.J., writes that his daughter is collecting wood items called Woody Woodpecker. She has a few pieces such as a knife holder, canister set, and wax paper holder. She would like to know how many pieces are in the whole set and what each piece is named.

**QUESTION** — Stanley Siedlecki, Jarrettsville, Md., writes that his woodburning stove emits a strong wood burning smell during humid days and nights. The flue has been cleaned. Is there something that can be done to prevent this odor or condition?

**QUESTION** — E. Otis Dyer, Rehoboth, Mass., would like to know the name of the company in Pennsylvania, the address, and if the company is still in business — the one that makes a farm fence kit consisting of two channel irons and hinges. The farmer supplies the wooden cross piece measuring 2x8-inches and barbwire strands.

**QUESTION** — Kenneth Hixon, Warfordsburg, would like the complete address for the Schrader Co. that makes automotive tire repair accessories. He needs parts for #5235 valve vulcanizing tool.

**ANSWER** — Violet Myers, Barnesboro, wanted to know where to buy a book on old bottles, canning jars, and toys. Check your local library that has a wealth of this information free. If you want to purchase a book, you will then have a title and a publisher to contact.

ROLLING ON...IN THE 90'S

MEETS THE CHALLENGE

**If Fuel Economy and Soil Conservation Are Concerns Of Yours, Buy Brillion**

540 or 1,000 RPM

BRILLION FLAIL SHREDDERS keep going when others stop! One of the most important features is that you get the heaviest gearbox on the market with this machine. 12 & 15 foot. With either side slicer or cup knives.

### COMPACTION COMMANDERS NO-TILL RIPPER/DEEP RIPPER DESIGNED FOR YOUR CONSERVATION NEEDS

Brillion introduces their new Compaction Commander... designed to break up hardpan and compaction as deep as 20". The standard V-shaped alloy point and wear strip leaves residue on the surface with minimal soil disturbance. Auto-reset shanks with 20" of trip height allows for non-stop tillage. Parabolic shanks lift and fracture the soil. 39" of underframe clearance assures trouble free operation even in heavy residue.

BRILLION THREE SHANK DEEP TILL has a Category II hitch. With a cutting width of 7'6", it is ideal for operators with smaller acreages and horsepower. It is extremely maneuverable, yet provides the same basic deep tilling job as its "big brother." Available with coulters.
