Case IH Drills For Seeding In Stock

In Stock • 20x6 Plain Type With Soybean And Grass
• 24x6 Seed Attachment, And Press Wheels
• 16x7 Equipped With Fertilizer Attachment,
Press Wheels, Grass Seeder, And
Soybean Attachment

There's nothing more important to a crop than early even
emergence. To get it, you need accurate, even seeding.

The 5300 has earned a reputation for its seeding precision, a function
of its exclusive feed cup design and dependable disk openers. And, to
improve placement of seed, the opener drawbars are heavier than on
previous models. Press wheels and opener bearings are heavier for long
life operation.

Along with accuracy, the 5300 gives you fast, high capacity seeding,
so you spend less time refilling hoppers. Grass seeding attachment for
16x7.

New Case IH Model 950 Grow Corn and Bean Planter with Dry
Fertilizer.
