## Corn heads that get the ears other heads leave behind.

**MF 800 Series corn heads.**

**These Quick-Attach heads are designed and built to save more crop when the going gets tough.**

- **Reduced snapping angle.**  
Long snouts with low hinge points and 23-degree angle of snapping units, lifts low-hanging ears and slides under down, tangled crops to get lodged ears that other heads just can't.
- **Hinged dividers.**  
Center and outer dividers are hinged for quick, easy access to the snapping rolls, plates, gather chains, vine knives and grass shields.
- **Quick-Adjust snapping plates.**  
All left-hand snapping plates can be quickly adjusted from one convenient location to match crop and conditions.
