

## Field Day Demonstrates New Equipment Lines

**OXFORD** (Chester Co.) — They put the new 200-horsepower 8300 John Deere tractor and the new 510 disk ripper through their paces Tuesday at a field day held north of Oxford along Route 10. Sponsored by Enfield Equipment, Inc., Dick Enfield, owner, and Bill Knight, manager, used the nice late fall weather to introduce these new machines to their customers.

Jerry Thomas, territory manager, John Deere Company, told the group of farmers that the new 8000 series of tractors draws on input from extensive customer and competitive owner research and more than 70 years of experience in designing tractor models. He said the tractors establish new standards in control, visibility, maneuverability, power, and ease of service.

Knight said the new disk ripper is designed to knock down the corn stalks or other trash in the fall, rip the ground and leave some of the trash on top for cover over winter to help stop erosion. Next spring, when you are ready to go, a field cultivator or disk will get you ready for planting.

As for the business outlook, Knight said John Deere is coming of one of their better years in the last several years and business has been good. This fall the weather has been good so much of the crop is already in the barns with little crop loss. Production estimates are for a large corn and soybean crop this year. But the prices are low, so the bottom line for the farmers may not be any better than last year.

About 50 farmers attended the demonstration and had a nice lunch.

Farmers learn about the new 8300 John Deere tractor and 510 Ripper Disk at a field day Tuesday.

## Holstein Classifies Sires

**MEHOOPANY** (Wyoming Co.) — All Holstein sires housed at the Taurus Service Inc. bull stud in Mehoopany were classified by David Page, an official Holstein Association Classifier on Sept. 22.

Dick Wetter, president of Taurus, said that Taurus regularly scores all bulls eligible to be classified. All bulls housed at Taurus that are 2 years old or older are officially classified.

Twenty-six Holstein sires were classified in this round.

In addition to the sires housed at the Mehoopany stud, there are many additional Taurus sires at other locations that are awaiting official proofs.

The breakdown of scores from

this classification show seven Excellent, 12 Very Good, six Good Plus, and one Good. Of the sires scored, 27 percent were Excellent, and 46 percent Very Good.

The Taurus sire, 76H0077 Horace was raised in score to EX-92 and classified EX-94 for feet and legs. This Mark son is for feet and leg improvements along with high overall type (+2.54) and udders (+2.28).

76H0107 Pamtom Blackstar Sunbuck was raised to EX-92. This Blackstar son of Hanover Hill Sally H 4E-96 is a brother to Skybuck. Sunbuck has sired many outstanding heifers. The oldest ones are due to calve this winter.

Eskdale Supernova (76H0257)

is an EX-92 Starbuck son at Taurus with a unique aAa code of 645123. He also has a type proof of +2.49, with feet and legs at +2.56, and udders at +1.93.

76H0111 Roycedale Aerostar AI, classified Excellent 90 at nearly 4 years of age. AI is one of the first Aerostar sons in AI. He is from the famous high protean Adrienne family in Canada. AI's dam is an Inspiration sister to 76H0076 ALTAIR who is Ex-91 and one of Taurus' top Type improvers (+2.44) with protein (+.08%).

Another new Excellent sire at Taurus is 76H0088 Gloryland Statesman, an Astro Jet son who will receive a proof in January.

The young sire 76H0118

Hanover-Hill Charmer scored VG-89. Charmer is a Skybuck son of Hanover Hall S.W.D. Charity, the Ex-94 daughter of Brookview Tony Charity Ex-97.

76H0252 Hanoverhill S Regency was raised to Very Good 87. This top Starbuck son as a full brother to Raider and Hanoverhill Star Roxy 2E-92. She being the dam of 76H0090 Precisonst.

76H0090 H.H. Precisonst was classified Ex-93 as was another Inspiration son at Taurus. Precisonst emerged as one of the best proven Hanover Hall sores with has first official summary in July.

Precisonst is +2.11 PTAT and +1239 TPI. He has a first proof for

production with DYD of +2074M +.33% +143F +.06% +78P.

Precisonst combines two of the world's premiere cow families, the Lu Lu's and the Roxy's.

Precisonst dam is Ex-92 and a full sister to 76H0252 Regency and Raider. His second dam is the leading Star Brood cow in Canada, Mil-R-Mor Roxette EX-GMD-DOM 30\*. The 3rd dam is the "Queen of the Breed", Glenridge Citation Roxy 4E-97 GMD. 76H0090 Precisonst semen is being exported to many countries in the world from Taurus Service, Inc. He is housed in the EEC qualified semen production facility at the Taurus stud in Mehoopany.
