Delmarva Broiler

EDISON, NJ
NOVEMBER 30, 1994
DELMARVA BROILER/FRYER MARKET. FEDERAL-STATE

Movement of ready-to-cook whole birds was mixed and irregular and below expectations at several plants. Offerings ranged fully adequate to ample and were generally slow in clearing. Live supplies were mostly moderate; weights varied in a full range of light to heavy. Processing schedules were very heavy. Less than trucklot asking prices were unchanged at 47 to 58 cents. Trade sentiment was no better than steady. In the parts complex, supplies were at least adequate on all but wings which were adequate to well cleared. Boneless skinless breasts were readily available. Bone-in breasts were irregularly balanced.

NORTHEAST BROILER/FRYER PARTS - PART I FEDERAL-STATE

Trucklot buying activity was disappointing. Offerings easily handled current needs. Retail and distributive movement

was advancing slower than anticipated, but still hoped to pick up. Promotional activity coupled with the first of the month is expected to stimulate consumer buying interest. Trade sentiment was steady at best.
