Come & See!

Just Arrived For A Super Year End Deal! Look At This, A Swing Frame 12-Foot Disc Mower Conditioner.

CASE IH Proven & Tested To Customer Satisfaction.

The Case International 8312 disc mower conditioner just keeps on cutting - no matter what it encounters. Tangled undergrowth, rodent mounds, ant hills or heavy hay are no match for the heat-treated high-speed rotary discs at the heart of the 8312.

A center pivot tongue lets you cut a full 12-foot swath in either direction and maneuver around obstacles. Lay down a quick drying swath or fluffy windrow and depending on your crop conditioning rolls can be quickly adjusted for optimum drying.

If continuous cutting with a center pivot machine is important to you, stop in and see the Case International 8312.

CUTTERS**
9' and
10 1/2' Model
In Stock

Gehl has two all-new disc mower conditioners to cut your crop down to size, fast and easy. The DC2340 has 7 discs and a 9 foot cutting width; the DC2360 has 8 discs and a 10 1/2 foot cutting width.

- High speed discs - Each disc has two knives to slice through the toughest crops and conditions; the disc gear drive operates in an oil bath for long life.
- Sturdy frame - Cradles the cutterbar for extra protection and durability.
- 540 or 1,000 rpm driveline with equal-angle hitch for smooth power transfer.
- Standard hydraulic tongue - Makes it easy to position the unit without leaving the tractor seat.

**Gehl Disc Mower Conditioners, The
Best Quality Available Today!**

- Model 1540 540 PTO Economy Priced
- Model 1580 1000 RPM With The Highest Blowing Capacity On The Market

**Most Mix-All owners
will never buy another.**

In fact, you'd probably have a hard time convincing Gehl Mix-All owners to even look at anything else. And why should they?
The Mix-All's big 21-inch wide hammermill features 66 reversible thin hammers that cut, rather than pound the feed to deliver a more consistent grind and ensure uniform mixing for a better feed conversion rate.
Gehl's self-contained hydraulic system is designed-in, not added on. It provides the precision of infinitely variable in-feed attachment control to match tractor power for greater grinding capacity. The you get fast, smooth, trouble-free unloading with greater reliability.
And a wide variety of options and attachments lets you customize your Mix-All to fit any operation.

IF YOU CHOP HAYLAGE AND WANT TOP PERFORMANCE FOR A GOOD START THIS SPRING GET A GEHL 1065 SUPER CHOPPER FROM BINKLEY & HURST NOW! CHOP IT DOWN

Gehl forage harvesters get the job done faster with these performance features

- Exclusive Auto-Max Load Sensing System - Increase capacity by up to 20%. Lets you operate at top capacity without the fear of downtime due to overloading.
- Metal Stop Metal Detector - Prevents machine damage and hardware disease.
- In head Hydraulic Knife Sharpener - Lets you sharpen knives in the field.
- Patented One-Sided Cutterbar Adjustment - Makes adjusting the cutterbar quick and easy.
- Three Models To Choose From - Including the largest capacity pull-type forage harvester on the market.
