95 HP* MASSEY FERGUSON 399

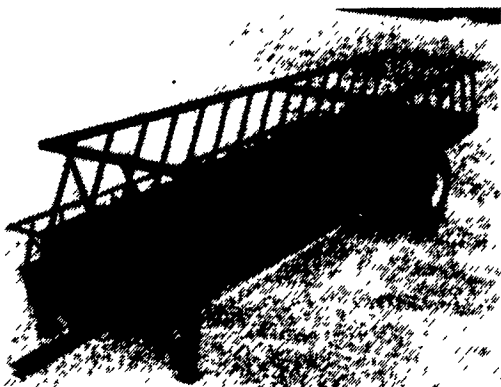

Your right hand makes it go. Your left hand makes it back up.

Leave it to Massey Ferguson to put the gear shifts right where you want them for faster loader operations. A single lever to the right of your seat allows the operator to select all 12 forward speeds without changing controls. Plus a synchronized shuttle is controlled from a lever to the left of the steering column. This means you can change directions with your left hand, while changing loader height with your right. Now that's productivity! Test drive the latest and smartest ideas in productivity today at your MF dealer.
* Manufacturer's rated PTO horsepower

MASSEY FERGUSON MF 399 - 4 wheel drive, 95 HP with cab, 540-1000 PTO, 12 forward speeds with shuttle reverse.
Sale Price **\$40,150.00**
Less Cash Discount or Low Rate Financing
