

ROLLING ON...IN THE 90'S

MEETS THE CHALLENGE

When Looking For Quality - BUY BRILLION

PP PULVERIZERS 6 Ft., 7 Ft., 8 Ft.

This model pulverizer is designed for use with CAT. I, 3-point hitch tractors. They are available with your choice of five roller wheels. 16 1/4" notched, 16 1/2" crowfoot, the 20" notched ductile iron wheel, 18" smooth, and 22" flat.

Also Avail. As Pull Type

P-SERIES TRANSPORT PULVERIZERS 10 Ft. to 18 Ft.

Rotary Frame Pulverizers; New PT10 Series Transport Concept. Machine weight is hydraulically rotated over the wheels for transport. This reduces draw bar hitch weight considerably and provides ample clearance for transport. Also Available As Pull Type.

P-SERIES PULL-TYPE PULVERIZERS 10 Ft. to 18 Ft.

New P10 Series Single Gang available as pull type or transport. Available with most old style rollers and the new 20" Ductile Wheel. Brillion Pulverizers crush clods and firm the soil for better contact between seeds and soil. Also Available As Transport Type.

3 PT. BASKET HARROWS 12 Ft., 15 Ft., 18 Ft.

Brillion has designed a 3 pt. S-Tine field cultivator with a larger, aggressive angled 12" diameter rolling basket, a 4-bar frame that allows for either 4" or 6" tooth spacing and an adjustable coil tine leveler bar. Gauge wheels are optional.

HFC FIELD CULTIVATORS 16 1/2' to 31 1/2'

The "heart" of any field cultivator is the shank pivot point. A "bulked up" shank bracket made of cast ductile iron instead of the usual formed steel bracket, incorporating a hardened steel bushing AND a zerk grease fitting to lubricate the pivot point to reduce wear. The result is thousands of acres of extended life of the shanks.

X-FOLD PULVERIZERS 19 Ft. to 46 Ft.

The X-Fold pulverizers are designed to meet the needs of today's larger acreage farmers...and Brillion offers them in two models and 11 sizes from 19' through 46'. Now available with 20" Ductile Rollers.

BRS RO-CROP CULTIVATORS 4-6-8 ROWS

The Brillion "S" tine cultivator (model BRS) with four-way tooth movement is designed for high speed cultivation, especially in conjunction with chemical weed control. The "S" tines also mulch the soil and level the ground for easier harvesting.

BRH RO-CROP CULTIVATORS 4-6-8 ROWS

Minimum Tillage

The heart of the BRH Ro-Crop is Brillion's No-Wobble Parallel Linkage. Heavy duty is an understatement, the linkage for each gang weighs over 50 pounds. Strength where it's needed, a Brillion tradition. Heavy duty straight edge shanks allows high-speed tillage without throwing dirt or residue. Underframe shank clearance of 25" allows you more days to cultivate your crops before they get too tall.

FLAT FOLD CULTIVATORS 6-8-12 ROWS

BSFF or BHFF flat fold cultivators. Base machine includes 5"x7"x1/4" folding tool bar on 640 or 830 sizes and 3/8" on center sections on 840 and 1230 sizes with hitch for category II or III.

AG SURE STAND SEEDERS

SS8, SS10 & SS12 SEEDERS

For years Brillion Grass Seeders have proven to be the best machine for planting grasses and legumes... and now they're even better! Larger, heavier boxes, high seeding rates, nylon lined seed meter, heavier frame, new drive system and more. 5 ft., 8 ft., 10 ft., Available in 3-point or pull type.

LANDSCAPE SEEDERS

Work up close to buildings and fences with the outstanding maneuverability of this 5'4" model. The 5'4" Landscape Seeder crushes, seeds and rolls in one operation. The seeding mechanism stops instantly when the seeder is raised or stops. Seeds are deposited at the correct depth for rapid germination in a firm clod-free seedbed. Thick, even stands are the result with up to 50% saving on seed. Choose either smooth or notched rollers

TURFMAKER SEEDERS 3 Pt. In 8 Ft., 10 Ft., 12 Ft.

This Brillion specialty seeder utilizes the same world famous seeding method made popular by the "Sure-Stand" agricultural model grass seeder. Variations in seedbox capacity and seed metering mechanisms make these the ideal seeder for special requirements of professional landscapers, turf and sod raisers. Available in 3 point or pull type.
