

Food Court, Food Pantry, Or Food Market?

HARRISBURG (Dauphin Co.)
— It is the hard work and dedication of Pennsylvania's 51,000 farm families and 2,300 food processing companies that keeps agriculture the number one industry of the commonwealth.

The Pennsylvania State Farm Show salutes the industry and all the organizations, companies and individuals who keep the industry growing.

Statewide commodity associations and food processors will have exhibits at the 79th annual Pennsylvania State Farm Show January 7-12.

The Pennsylvania Food Market will resemble a mini trade show when 16 companies come together to promote their food products. Some of Pennsylvania's finest snack foods, candy, spices, processed meats, condiments and beverages will be available for sales and sampling this year in this exhibit in the Family Corner on the upper level of the Northeast Building.

The following companies are scheduled to participate:

- Alderfer Bologna Co., Har-

leysville - Lebanon and sweet bologna snacks, hams.

- Central Pennsylvania Specialty Foods, State College - goats milk fudge, salsa, tortilla chips, salad dressing.

- Cloister Spring Water Co., Lancaster - spring water, coffee service and filtration systems.

- Daniel Weaver Company, Lebanon - Lebanon bologna, beef jerky and beef sticks.

- Furman Foods, Northumberland - coupons for canned products

- G's Caramel Corn, Red Lion - popcorn, cheese corn and caramel corn.

masville - potato chips, pretzels, cheese curls and corn products.

- Watkins Glen, Belle Vernon - spices, extracts, puddings, soups, sauces.

Pennsylvania commodity associations offer their specialties for sale in the East Building. The area will be dubbed the "Farm Show Canteen" this year to coincide with other World War II anniversary activities.

From apples to zucchini, there's literally something for everyone in the Food Court. Most of the associations use the proceeds from their Farm Show sales to promote their individual industry, fund research programs, and finance youth activities.

The following associations will participate in the Food Court:

- Pennsylvania Aquaculture Association - fish and fries, fish sandwiches, smoked trout.

- Pennsylvania Bakery Association - cinnamon buns, shoofly pies, bagels.

In the Pennsylvania Food Pantry, statewide agricultural organizations will showcase hundreds of processed and packaged foods that contribute to agriculture's prominence as the state's leading industry. Cooking demonstrations are featured daily in this West Lobby exhibit by student chefs from the Harrisburg Area Community College and the Indiana University of Pennsylvania.

Participating commodities include meats, dairy products, fruits and vegetables, confectioneries, poultry products, specialties and gift packs, snack foods, aquaculture, private label foods, and wines.

Corning Catalytic Combuster

► STANDARD MODEL ◀ ► MULTI-FUEL MODEL ◀

Heat Your Home, Farm or Commercial Buildings with Mahoning Outdoor Furnaces

The Mahoning Outdoor Multi-Fuel Furnaces provide thermostat controlled heat by economically burning wood, coal, oil or gas. A furnace is placed 25-100 feet outside the structure to be heated, connections between the furnace and building are buried underground. Wood or Coal is the primary burning fuel lasting 8-12 hours in the furnace.

Now the Mahoning Outdoor Furnace can be equipped with Corning Catalytic Combusters. Burn 90-95% of the smoke, increase efficiency 50%, reduce wood use 1/3. Now you can burn wood or wood waste products in an outdoor furnace and also be environmentally friendly. No longer does an outdoor furnace have to be a smoke belching nuisance.
