

# KRAUSE CONSERVATION TILLAGE ROCKFLEX DISC HARROWS

## Conserve Your Soil...

KRAUSE PLOW CORPORATION has always been THE LEADER in building CONSERVATION TILLAGE systems designed to prepare a level seedbed in all types of soils and field conditions...

- From Krause you've always expected a superior job of cutting & finishing to produce top crop yields.
- Now that the Government has dictated you increase your crop residue, KRAUSE has responded with conservation blades that will increase your crop residue over older discs.
- And you still get engineered dependability just like you always have with KRAUSE.

Choose from (6) Series			
Series	Width of Cut	Blade Size	Blade Spacing
