Ten-Year-Old Named Captain Of The Bridge

LINDA WILLIAMS

Bedford Co. Correspondent
NEW PARIS (Bedford Co.) — Bedford County is very proud of its 14 covered bridges.

The bridges are so beautiful and such a part of the colorful history of this rural county that a local organization known as "The Covered Bridge Society," raises funds to help keep the bridges in good condition. They are often photographed by visitors to the area.

However, there are always a few who, not realizing how important the covered bridges are to the area, destroy their beauty by spray painting nasty words on them. Sometimes, they personalize the bridges by writing their own names or those of their girl friends or boy friends.

It's upsetting to many of the

people who have worked to rebuild and keep the bridges, and it is quite upsetting to 10-year-old Jimmy Whitworth of 125 Miller Ridge Road near New Paris.

Jimmy lives within walking distance of two of the covered bridges. During nice weather, he bikes to the two bridges where he climbs on the railing and gazes at the water below.

"It's just something I like to do," Jimmy says "I always have."

So, it was a great dismay to Jimmy to see graffiti being painted on one of the recently reconstructed covered bridges known as the "Snook's Bridge."

He asked his father, Herb, what could be done to put the bridge back to its original beauty.

Herb called the Bedford Coun-
