CLAAS, OHG of Harsewinkel Built Its 10,000th S.P. Harvester in late 1944.

Forage harvester performance redefined

CLAAS JAGUAR self propelled forage harvesters have established a unique reputation for outstanding output, reliability and versatility along with unbeatable forage quality. With JAGUAR 880 and 860, plus the new 840 and 820 models, CLAAS provides you with a complete new generation of machines.

All in all it adds up to the highest performance available, with a throughput of the JAGUAR 880 of around 170 tons per hour in corn, more comfort and of course a better return on your invested capital.

MF 3120T TRACTOR

Open platform model now available.

Open platform configuration offers an unobstructed view of work areas to the front, sides and front axle area. Semi-flat floor deck provides plenty of leg room both under the pedals and between the seat and dash column. Deluxe spring suspension seat is vinyl covered to resist the elements. Seat adjusts six different ways to suit operator's needs. FOPS sun shade, protecting the operator from the sun's heat and falling material, is standard equipment on the open platform model 3120T. Grab handles and nonskid steps aid in getting on and off the tractor.

Open platform version of the MF 3120T provides a value-priced alternative when a cab is not essential.
