Bethel, PA - For their decision in choosing

**Big Dutchman.** AND

"The Mark of Excellence"

**HERSHEY**  
EQUIPMENT CO., INC.

"A Step Ahead"

For his newly remodeled layer house  
86,400 birds total capacity in a 6 bird cage

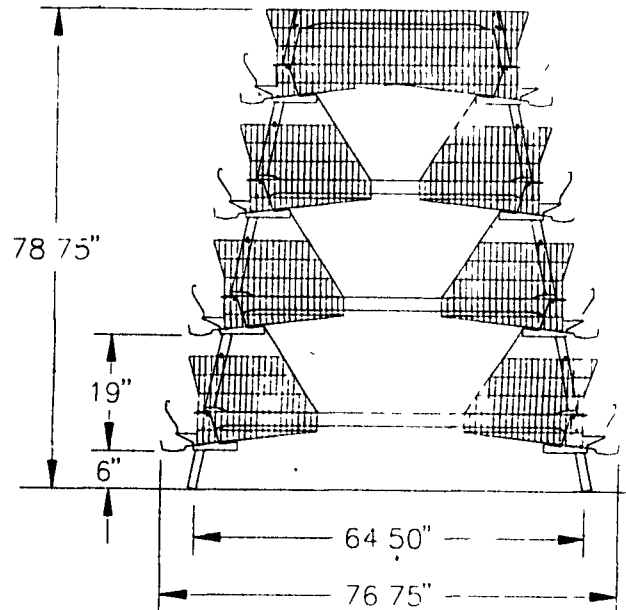

### PROFIT-TIER 420N

#### System Features

Big Dutchman has taken its low profile cage and condensed the overall section width to produce the Profit-Tier 420N. This four tier system is designed to maximize density in new or existing houses.

The Profit-Tier 420N features the Champion Feeding System with in-line feed hoppers with belts or gear motor drive.

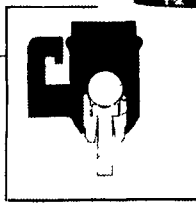

Rigid leg frames with feed trough supports provide suspension and maintain proper alignment for the system.

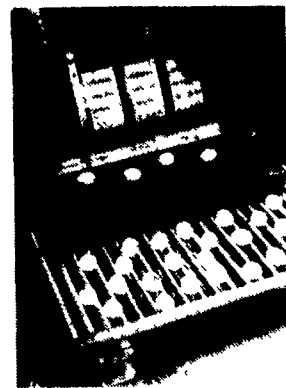

#### OVAL WATERING SYSTEMS

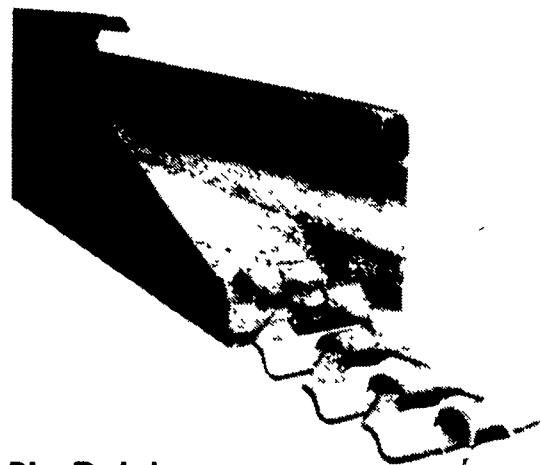

- Drier manure pits and greater freedom from leaks because of the triple seal stainless steel valve seat and low pressure operation.
- Completely enclosed to promote cleanliness and sanitation.

#### Reliable, Safe Egg Collection and Handling from Cage to Packing Room

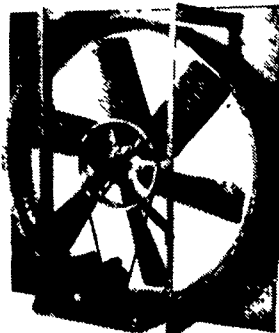

The transfer of eggs from cage belts to cross-conveyor is a critical step in mechanical egg handling. The big Dutchman Fingerbelt collector utilizes a series of rubber fingers mounted in a durable belt to hold eggs in a safe position on the incline, going down from cage belts to cross-conveyor

#### Big Dutchman... The Proven Concept in Automated Feeding

No auger or link feeder can perform as efficiently as the highly successful concept of feeding with a wide chain from a hopper that is open at both ends. It has been proven time and again for over forty years in poultry houses around the world.
