GEHL Box Spreaders

**Binkley & Hurst Bros. Has A Quality Gehl Spreader
In Stock And Ready For Use Now At Economical Pricing!**

Even when it's empty... it's loaded.

Low profile design means easy loading by skid loader, front end loader or barn cleaner

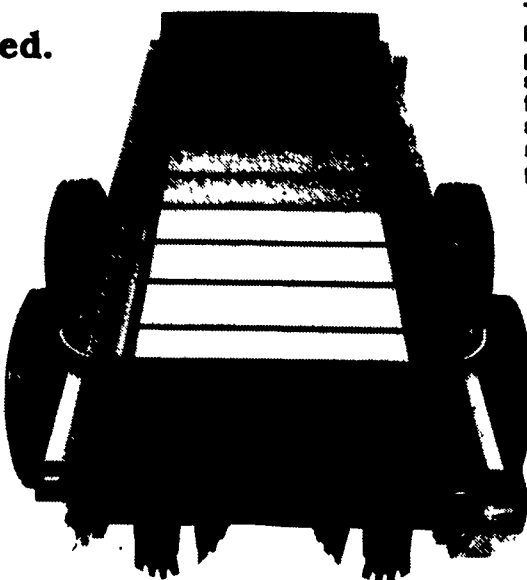

Double Galvanized steel sides are corrosion resistant for long life. One-piece seamless construction won't catch material or leak.

Gehl-Tuff Flooring prevents the apron from freezing to the floor, allowing manure to slide out with little resistance. Less apron pull means less wear and tear on drives and apron chains. One piece construction won't flex under heavy loads.

Optional hydraulic endgate rests in front of the beater paddles to secure sloppy loads and keep heaped material out of the beater unit you're ready to spread. An available litter pan reduces spills in the yard or roadway while enhancing the spread distribution.

Extra-strong, T-bar apron chains with an average tensile strength of over 23,500 pounds keep the biggest loads moving.

Oscillating tandem wheels allow faster ground speeds while providing greater flotation. They're standard on the 325-bushel and 425-bushel models and optional on the 250-bushel model

Twelve extra wide one-piece beater paddles are symmetrically positioned for broad, uniform spreads. Paddles are fabricated from tough, 1/4" thick high strength steel. Bolt-on replacement tips are available to extend paddle life.

Constant velocity pto for continuous, smooth, chatter-free power transfer when spreading on turns and reduced stress on the entire drive line.

Huge 425 Bushel Ready To Put To Work

Model 425 and 250 In Stock & Other Sizes Available

Binkley & Hurst Bros. Has A Line Of Quality U-Type Gehl Scavenger Spreaders In Stock For Immediate Delivery

MANURE SPREADERS

When it comes to hauling manure, Gehl has a spreader that will fit your operation. Box spreader? Gehl's got 'em with a full line of spreaders in just the right size for your needs, from 135 to 425 bushel capacities. And they're backed by one of the best warranties in the industry, 10 years on sides and floors.

How about a spreader that will handle "everything"? Gehl's Scavenger® II will take on any challenge you can give it. Liquid, semi-solid, pen packed, even frozen. The Gehl Scavenger® II will do the work of two spreaders for the price of one...all year 'round. If you're in the market for a spreader, now's the time to see your Gehl Dealer. They'll pass your toughest acid test with flying colors.

BOTH MODELS IN STOCK

- Model 1540 540 PTO Economy Pncod
- Model 1580 1000 RPM With The Highest Blowing Capacity On The Market

Gehl high-capacity blowers will help get your silo-filling done in short order.

- Three models with a choice of 540 or 1,000 rpm.
- Twin spinners rifle material at nearly 35 mph.
- Twin-sided fan disc with paddles on both sides.
- Split rim sheets feature a replaceable inner liner.
- Many convenience features.

Most Mix-All owners will never buy another.

In fact, you'd probably have a hard time convincing Gehl Mix-All® owners to even look at anything else. And why should they?

The Mix-All's big 21-inch wide hammermill features 66 reversible thin hammers that cut, rather than pound the feed to deliver a more consistent grind and ensure uniform mixing for a better feed conversion rate.

Gehl's self-contained hydraulic system is designed-in, not added on. It provides the precision of infinitely variable in-feed attachment control to match tractor power for greater grinding capacity. Plus you get fast, smooth, trouble-free unloading with greater reliability.

And a wide variety of options and attachments lets you customize your Mix-All to fit any operation.
