Sunflower's Coultler Ripper is for today's conservation minded farmer demanding deep tillage with minimal residue disturbance. These durable machines feature adjustable front mounted coultlers on 7 1/2" centers. The coultler blades have an added advantage of slicing hard ground to keep clod size to a minimum. The V bar ripper design gives added trash clearance and pulls smoother than straight bar rippers. These coultler rippers are built Sunflower tough and no ballast is added to the frame increasing the structural strength. Check out Sunflower's latest edition to its growing family of quality tillage equipment at a farm show or dealer near you.

Adjustable Coultler Gangs: The 4010/4110 both feature adjustable coultler gangs that can be raised completely in clean ground. Ratchet Jack Adjustment is standard equipment.
