Farmhand WingPackers break clods,
level seedbeds...then gently firm the soil
to reduce air pockets and seal in
moisture.
Flat fold WingPackers range from 18' to 36' wide. Behind
a disk harrow or field cultivator, they're an ideal final tool
before planting. Behind a drill, they gently but firmly pack
soil to increase seed-to-soil contact, improving germination
for even field stands.

Check these high-performance
features:

- All units fold flat to a safe transport width of 13'6".
- Single hydraulic control for transport and to raise/lower wings.
- Heavy-duty tubing and plate construction with 4"x6" tool bar
- Choose smooth 6-spoke rollers or crowfoot rollers for more aggressive action.

Tailgate Spreader

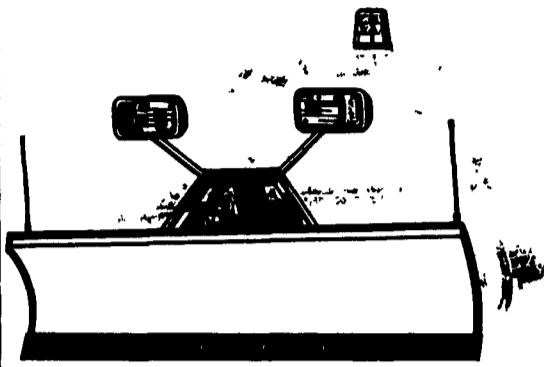

Rugged thermoplastic hopper resists rust and corrosion. Designed to hold 600 lbs. of #1 rock salt, calcium chloride or similar pelletized material of the same size. Spreads from 3 to 30 feet. Ideal for parking lots, driveways, shopping centers, and roadways. Heavy duty sealed ball bearing motor is controlled by an in cab electronic speed control. Stainless steel spinner and auger assures an even flow of spreading material. Complete with all mounting hardware and quick detach power cables.

PART NO.	List	On Sale	Shipping Weight
