

FARMER BOY AG INC.

Your Complete Poultry & Swine Building & Equipment Center

AIRSTREAM ventilation systems

CEILING INLETS

Each unit provides 1.2 square feet of intake area and is designed to operate under negative pressure. Inlets are constructed of fiberglass composite and Styrofoam. Units measure 16.5" square and mount directly into the ceiling and project into the attic. An insulation-stop is provided. Stainless steel counter weights and a manual lock adjustment make it unsurpassed in performance.

AIRSTREAM ventilation systems

THE PURAFIRE

Our name says it all

The PuraFire heater provides a consistent, clean-burning and fuel-efficient source of warmth for all types of poultry and swine houses. With near 100% efficiency (CO emissions of 5 parts per million), the thermostatically operated PuraFire uses less energy to yield greater BTUs for your money. Choose from two PuraFire models: the C80M - variable output (40,000 or 80,000 BTUH) and the C225-225,000 BTUH unit. Each is LP or natural gas compatible and can be mounted inside or outside your confinement house.

Efficient, powerful and versatile agricultural heaters yield greater BTU's for your money.

Hi-Lo Livestock Production Thermometers. This quality thermometer is one of the most economical, accurate instruments on the market. A must for anyone in livestock production or greenhouse operations — wherever temperature control is important. It shows at a glance the lowest and highest temperatures over a period of time plus the present temperature. Available in centigrade/fahrenheit or fahrenheit only. It is easy to use with a push button reset.

Tamy Hog Cream is a waterless hand cleaner that removes those awful farm odors, fish odors, onion odors, grease, and grime from hands. Leaves hands smelling good, feeling fresh and clean. Just simply apply a small amount to hands and rub well until it dissolves and suspends the grease and grime, rinse with water and rub clean. Comes in a pint size squeeze bottle. Shampoo is also available.

AIRSTREAM ventilation systems

ADJUST-A-BAFFLE™ SYSTEM

NEW AIRSTREAM VENTILATION SYSTEMS Adjust-A-Baffle™ System by design afford high insulation value and total flexibility of operation. New improved AIRSTREAM VENTILATION SYSTEMS Auto Air II™ and Adjust-A-Baffle™ Systems provide maximum inlet air control for new and existing negative pressure ventilating installations.

- High insulation value one inch (1") polystyrene core.
- Corrosion-free construction consists of rugged fiberglass composite laminate and UV stabilized PVC trim channel.
- Exclusive flexible PVC hinge allows for ease of installation and alignment.
- Flexible PVC closure allows for building construction variables.
- Exclusive PVC expansion connector automatically adjusts to temperature variations and ensures consistent closure alignment.
- Rod and clamp accessory pack features unique cord adjuster for precise closure alignment.
- AIRSTREAM VENTILATION SYSTEMS Adjust-A-Baffle™ Systems can be installed to allow for vertical or horizontal inlet openings.
- Adjust-A-Baffle™ panels available in wide range of standard and custom width dimensions; standard widths include 8", 12", 16", 18", 20" and 24". Contact factory for custom width applications.

THERM-ALARM III

- Hermetically Sealed Contacts
- Easily Adjusted Set Hands
- Durable, Accurate, Reliable
- Quick Response To Temp. Changes
- Fully Guaranteed

Model 70 Swing-Side

- OPTIONS:
- Pig-saver bar OR finger bars
 - Black iron, hot-dipped galvanized, or painted
 - Rump guard on rear door
 - Creep sets: stainless steel, hot-dipped galvanized or PVC
 - Crate stands: hot-dipped galvanized, painted, or black iron
 - Water set-ups: stainless steel or hot-dipped galvanized pipe

FEATURES:
Standard- 3 position adjustment for sow comfort; Swing-side easily adjusts to size of sow; Standard - bowed-bar sides; No cylinders; No sharp edges; Front & Rear Gates swing both right and left; Large, efficient stainless steel feeder has no sharp edges; Pig-saver bar decreases death rate of piglets; Rubber bumper guards reduce noise and injury; Feeder raised off of floor to increase ventilation for sow comfort.

SPECIFICATIONS: 1" schedule 40 pipe construction, Bottom 6" on legs are 1" solid rod.

HORIZONTAL

OPTIONS:
Pin Styles

For the gate to open, this style pin needs to be lifted ONLY one-third of the distance resulting in convenience for the operator and a decrease in the amount of pins lost!

Leg Styles

Standard: stainless steel welded on Bolt-on: This leg adds stability and is easily fastened to floor. Can be sold separately for easy replacement. 1/4" or 3/8"

SPECIFICATIONS

Nursery	3/8" rods in center Angle 1/8"x1"x1" 3/16" Vertical flats	1/2" rods on bottom	28" high
Grower	1/2" rods in center	3/4" rods on bottom	32" high
Finisher	1/2" rods in center	3/4" rods on bottom	32" high
Breeding	1/2" rods in center Angle 3/16" x 1 1/2" x 1 1/2" 1/4" Vertical flats	3/4" rods on bottom	44" high

Height is measured installed from floor to top of latching

Sensaphone® 1100

Advanced Desktop Monitoring System

Environmental/Process monitoring over telephone lines with full programming capabilities

- The versatile Model 1100 is designed for programming flexibility
- Variable power failure recognition and "listen-in" tone, with alarm disable, security code access, remote sensing, and other programming features
- Monitors power, temperature, and other important environmental conditions to protect computers, equipment, and processes
- Automatically contacts you at up to 4 locations if unsafe conditions occur
- Allows you to contact your system using any telephone, to receive status reports and listen-in to on-site sounds
- Helps you detect problems before they turn into disasters

New you can protect your equipment and processes even when you can't be there — The Sensaphone 1100 monitors your computer rooms, equipment centers, offices, or any unattended facility to detect power failures, temperature extremes, intrusion, water incursion, sounds such as smoke and burglar alarms, and other conditions of your choice. Auxiliary temperature input lets you monitor isolated processes such as freezers and refrigerators, while the tick remains in a separate room.

Alerts you immediately if problems arise — The Sensaphone 1100 automatically contacts you by phone, at up to four different phone numbers, to alert you of unsafe conditions. The system communicates in voice-synthesized English, and even lets you "listen-in" to actual on-site sounds.

CONDITIONS MONITORED:

- Temperature
- Humidity
- Electricity
- Water Incursion
- Smoke
- Sound
- Windows & Doors
- ...and more!

ALERT

UP TO 4 DIAL-OUT NUMBERS.
If unsafe conditions occur the Sensaphone 1100 automatically dial up to four numbers in sequence to alert you of the problem. Numbers may be up to 16 digits each, with your choice of pulse or tone dial-out.

COMMUNICATES OVER STANDARD PHONE LINES.
Call in for periodic status checks on all monitored conditions, using any telephone. The Sensaphone communicates in simple, voice-synthesized English.

DUST/MIST Respirator

with double strap

WHY TAKE CHANCES:

Help protect yourself against breathing in harmful odors and feed and grain dust found in hog facilities. The dust/mist respirator features a nose cushion and a contoured nose clip for a more reliable seal for greater protection. It includes a collapse-resistant shell that is reliable in hot humid conditions. The dust/mist respirator is NIOSH/NSHA approved for dust and mists. The mask is a soft lightweight construction and will easily fit around eye glasses. Double strap ensures better fit for more protection.

HOG DINERS

Several Sizes to fit Your Needs

Left to Right: Piggy Diner (1 1/2 Bushel Capacity), Pig Diner (5 1/2 Bushel Capacity), Hog Diner (5 Bushel Capacity), Large Capacity Hog Diner (7 1/2 Bushel Capacity)

4-Hole Double-Sided Finishing Feeder

- Features:
- 304 Stainless Steel construction.
 - All welded construction.
 - Easily adjustable and multi-movement agitator gate.
 - All exposed edges are beveled for safety.
 - Standard Single-Sided models available with 4, 5 and 8 holes; Standard Double-Sided models available with 8, 10 and 12 feed holes. 7 hole and 14 hole sizes available (special order only).
