ROOTWORMS BEWARE!

JUST GOT TOUGHER.

NOW LABELED FOR USE WITH ACCENT® HERBICIDE

COUNTER® 20CR® systemic insecticide-nematicide gives corn growers all the most desirable insecticide features in one outstanding product.

UNIQUE PELLET COUNTER 20CR has the active ingredient evenly distributed throughout each pellet. The pellets break down gradually, providing controlled release for longer term effectiveness.

OUTSTANDING PERFORMANCE. No other corn insecticide can match the performance and broad-spectrum control of COUNTER. Corn treated with COUNTER has bigger, stronger roots, for healthier plants and higher yields.

MORE HERBICIDE OPTIONS. Applied banded, COUNTER 20CR is labeled for use with ACCENT® and virtually any other herbicide. So you don't have to sacrifice rootworm control for weed control.

LOWEST DUST. COUNTER 20CR is formulated with soybean oil, and the pellets don't crumble during handling and shipping. So there's virtually NO dust. For information about COUNTER 20CR see us.
