**PLANNING FOR 1995 FEED STORAGE...
WILTED HAY...SILAGE...HI-MOISTURE GRAINS**

"The major costs on dairy and
livestock farms are related to
FEED: production - harvesting -
storage - purchases - delivery to
animals."

Significant savings in time and
money are possible when you store
and deliver your feed from a
poured concrete silo, equipped
with a Big Jim Distributor/
Unloader.

Protect your valuable forages
from rain, sleet, snow, mud, ice
and wind. Reduce the stress!
Increase the efficiency of your
feeds, labor, and livestock.

At SOLLENBERGER SILOS
CROP, we know a lot about feed
storage and handling... we've been
in the business since 1908. If you
are thinking about new or additional
feed storage, give us a call. We'd
like to contribute to your success.

"This is the kind of
silo you need to protect
your valuable feed."
