LEBANON EXTRA Granulated Starter Fertilizer

"THERE'S MORE TO IT THAN JUST NPK"

For over 47 years, farmers throughout the Mid-Atlantic Area from New York to Virginia have produced millions of dollars of crops using Lebanon Extra fertilizer.

Lebanon Extra is an ammoniated, homogenous, granular NPK fertilizer. With the increased emphasis on using less and precise applications of plant food, Lebanon Extra provides the nutrient sources that you can depend on, and not just NPK but also secondary and six micro-nutrients. The nutrient integrity of Lebanon Extra is superior to bulk blend fertilizer products. When using row applications or banding accurate amounts of plant food it can be important to use a safe, quality, uniform grade product. If you are using a blend with MAP compare the value of Lebanon Extra.

LEBANON EXTRA PLANT FOOD

Ammoniated Granular Fertilizer

Homogenous

Secondary and Micros

Uniform Analysis

Low Chlorine for Sensitive Crops

Safer to use in row applications

Economical to use on all Crops

Get the Starter Effect by staying 2x2

Excellent for No-till Corn
