

## MECHANICAL TRANSPLANTER MODEL 1000

For The Grower That Demands The "VERY FINEST"

The High Performance Model 1000

has increased planting speeds 20 to 30%.

### OUR PATENTED FLOAT WHEEL DIRECT DRIVE

SYSTEM is the only one of its kind available. This ground driven float wheel moves straight up and down (5-6") at two flotation points. This patented double floating action maintains correct ground contact at all times for both the drive wheel and rear packing wheels letting the units float independently no matter how many rows. No weight of any hitch, toolbar, or water tank is resting on the drive wheel to compact the soil. The wheel just smooths, firms and ideally prepares the soil providing accurate plant placement, proper depth control, and positive spacings from 6" and up in all soil conditions.

Optional Non-Stick Shoes

Double Disc Poly Shoe

395RP Poly Shoe

## BEDDING CHOPPER

NEWSPAPER · HAY · STRAW

- Total of 78 Knives
- Adjustable Grate

- ◆ Demco single or double piston pump with electric shut-off.
- ◆ Hypro belt driven centrifugal pump.
- ◆ Hypro gear driven centrifugal pump.
- ◆ Ace hydraulic driven centrifugal pump

Large front mounted step, platform and safety rail for easy filling of the tank. Clean water tank is standard.

Available With  
Hydraulic Fold Booms

Westfield grain augers are built right, from the ground up. They're designed and engineered to be tough, durable and dependable - by people whose only business is augers.

Westfield offers a choice of several electric gas or PTO drive styles (SD Model shown) in lengths from 26 to 71 feet and diameters of 6, 7, 8 and 10 inches.

Our new MK Series in 8, 10 and 13 inch models feature a simple PTO driven internal mechanical drive - powering both the main auger and intake swing hopper - plus a labour-saving hydraulic lift - to make light work of grain handling chores.

When you buy Westfield, you know you're getting the best auger your money can buy.

See your Westfield dealer today for an auger built just right for you.
