Save \$200 On A New ATHENS

ROCK FLEX DOUBLE OFFSET DESIGN MODEL 76
DOUBLE OFFSET DISK HARROWS
In Stock 11'8" Cutting Width

The 76 has been designed for faster and more uniform incorporation, better seedbeds, and less time in the field. The advanced double offset design allows you to disk at faster speeds. The 76 follows the contour of the field leaving a uniform level seedbed behind. With Hydraulics ready to work, Buy a New Athens Model 76 Disk Harrow with all the features of a modern disk harrow.

\$4,800 Less \$200 = \$4,690

TRY A LITTLE

TENDERNESS

Bulk-handling systems were developed for one primary reason: greater efficiency in larger operations. But sometimes, bulk-handling can mean rough-handling.

That's why Binkley & Hurst is your one-stop source for a complete line of bulk-handling equipment that treats seed and grain with kid gloves. Our unique auger with brush-lighting, for example, is ideal for movement of beans and other delicate seeds. The compact bristles produce a gentle sweeping action at the flight edge which smoothly conveys seed into the planter and limits varietal contamination.

Brush-lighting is also available as an option on Unverferth's 6-inch truck and grain box augers that serve your planting and harvesting needs.

In fact, for all your bulk-handling system needs, see Binkley & Hurst Bros. today.

Because a little tenderness can take you a long way.

RHINO

If It's Snow Removal Or Heavy Duty Excavating, You Need A Rhino Blade From Binkley & Hurst Bros. Now!

A support stand is standard on the 800 Blade to provide safer storage and unit hook-up. The moldboard and replaceable cutting edge form a constant curvature to cut and roll the material being worked more efficiently. Optional equipment includes quick-tach end plates, skid shoes, and CAT II quick coupler bushings.

The 800 Blade features mainframe swing, moldboard pivot and moldboard tilt to fit a wide range of applications. The blade can be offset a maximum of 30" from the center line of the tractor for working outside the tractor tire. The moldboard can be pivoted a full 360 degrees for backfilling or working in hard to reach areas.

RHINO REAR BLADES

With Hydraulics For Tractors Rated From 75-150 DBHP. Available w/7', 8', 9' & 10' Moldboards
Also Smaller Heavy-Built Units In Stock

- Rhino Model LR 6' 7'-8' 3 Pt. Blades
