mostly steady to instances firm. Demand was best where featured, and elsewhere, regular demand tapered as the month neared the end. Supplies of all sizes were adequate, with various levels of confidence when extra eggs were offered. The New York inventory was 31% less than last week, and the new Jersey inventory was 10% over the average for last week.

"This machine will pay for itself in a year"
—Tom Krall

Tom Krall, a dairy farmer in Lebanon County, PA, installed a hammer mill from Automatic Farm Systems last spring. He feels it's been a very wise move financially.

"I had all my feed delivered, other than silage. Now I'll buy corn and barley cheaper, at harvest, and save on hauling and grinding. My initial cost, operating cost, and maintenance cost are all low. I expect this machine will pay for itself in a year."

"It's a pretty handy machine. It's all automatic, so it doesn't create any extra work. And it's not dusty like a roller mill because it's all enclosed."

Give us a call to learn how an AFS hammer mill will work on your dairy operation.
