

# Precision Tillage Comes From Binkley & Hurst

Case International 4800 field cultivators tillage precision remains its level best.

First, there's simple fore-and-aft leveling to match tractor to cultivator. A unique self-leveling hitch keeps the unit level

regardless of the working depth. Positive, mechanically-maintained depth control also means uniform working depth from side-to-side...all day long.

Moving the 4800 from field to field is easy, too. Hydraulically controlled wings fold past center for extra stability and security during transport.

Put Case IH precision to work in your fields.

Make Your Purchase Now. We Have One Only At Old Price Savings. Model 4800 in 22.9' With 3 Bar Mulcher Tine Attachment and Ascilating Tandem Transport Wheels.
