

ATTRACTIVE GROWTH STOCK

The growth a calf achieves during her first six months will help determine her later income potential as a cow. That's why you need Purina® Calf Startena® and Calf Growena®.

Fortified Startena and Growena feeds have an ideal nutritional balance that can enhance your

calves' skeletal and muscle growth while also developing their digestive systems. Those benefits can help your calves reach the recommended six-month growth goals of 400 pounds for heavy breeds and 265-345 pounds for light breeds.

With that kind of a good start from Startena and Growena, records show calves are more likely to breed and begin milking on schedule. That makes them great long-term investments for you. Talk to Purina for details, and watch your stock take off.
