

Toddler Topics

WEST CHESTER (Chester Co.) — *Toddler Topics* is an educational publication series for parents of preschoolers written by Penn State Extension Home Economists in the Southeast and Capital Regions in consultation with Dr. James Van Horn, Penn State's Family Sociology Specialist, and other resource professionals. There are four issues to the series, each mailed separately to give subscribers a chance to try the suggestions and activities from one issue before the next arrives.

Articles in *Toddler Topics* include family relationships, food and nutrition concerns, health and safety, children's questions, parents' questions, Kitchen Kids, discipline techniques, and Rain or Shine activities.

If you would like to receive the 1995 series of *Toddler Topics*, please contact the Chester County Cooperative Extension at (610) 696-3500 before March 21. Multiple copies are available for organizations upon request.

Kit For Better Child Care

LANCASTER (Lancaster Co.) — If you are a babysitter, provide child care in your home, or if your child is cared for by a caregiver or babysitter, you may be interested in receiving a free educational information kit on caring for kids offered by Penn State Cooperative Extension.

Just call Cooperative Extension's toll-free number, (800) 452-9108 and receive free in the mail

the following publications: "101 Plus Ways to Keep Kids Busy", "101 Plus Ways to Care for Kids", and six free issues of the "Caring for Kids" child care newsletter.

These publications are filled with information on ideas for toys, games, stories, crafts, and play activities to do with children. You will also receive child safety tips and fun and nutritious snack ideas.

AUTOFLOWTM MILKING STALLS

With Non-Stop Cow Traffic

Using less stalls at maximum efficiency lowers the total cost of your automation and improves labor efficiency. Comparison shows it takes as much as 50% fewer AutoFlow stalls to achieve the same throughput as with similarly automated herringbone and parallel systems.

As milking equipment becomes more sophisticated and more expensive, the investment per stall becomes an important factor. The Surge AutoFlow parlor maximizes efficiencies per stall without sacrificing cow throughput.

Initial Investment Comparison Between AutoFlow and Herringbone/Parallel Parlors

Cows/Hrs. Required	Recommended Parlor Size		Increased Investment for Her./Para.		
	AutoFlow	Her./Para.	*Basic System	*Basic Sys. w/Meters	*Basic Sys. w/Meters & ID
50-60	2 x 3	2 x 6	+ 8%	+ 19%	+ 21%
70-80	2 x 4	2 x 8	+ 9%	+ 21%	+ 23%
90-100	2 x 5	2 x 10	+ 10%	+ 23%	+ 26%
100-110	2 x 6	2 x 12	+ 11.5%	+ 25%	+ 29%

* Basic System consists of stalls, pulsation, milk handling, vacuum and take-off equipment.
