1995 Dairy Of Distinction Farms Sought

Kingston (Luzerne Co.) — Do you take pride in maintaining your dairy farm? Does your dairy farm project an attractive, wholesome image to consumers? If so, the Dairy Of Distinction Program of New York, New Jersey and Pennsylvania will consider your farm for the program's annual recognition awards.

The Northeast Dairy Farm Beautification Program was first

started in 1983 to recognize the hard work and dedication of the farmers who maintain attractive farms. The purpose of the program is to instill a greater sense of confidence in the wholesomeness of dairy products, and increase their sales.

Farms that apply are judged on the roadside appearance of buildings, grounds, and surroundings, since this is what our dairy product

consumers observe as they drive by. The cleanliness of the barnyard, feed areas and manure management are other aspects of the farm operation taken into consideration. Roadside judging is conducted during the month of May. Former winners of past years are also rejudged to ensure they continue to meet the standards of excellence.

To qualify for consideration, you must be actively dairy farming and shipping milk. Applications are available from your state secretary, Pennsylvania: Paul Nichols, American Dairy Association and Dairy Council, Inc., 239 Schuyler Avenue, Box 5, Kingston, Pa. 18704, (717) 283-2204, New York: Carol Weddle, N.Y. Holstein Association, 957 Mitchell Street, Ithaca N.Y. 14851, (607) 273-7591, or New Jersey: August Knispel, R.D. 1, Box 325, Pittstown, New Jersey 08867, (201) 735-4989. All applications must be completed and returned by April 15th, 1995.

The Dairy of Distinction program is financed in Pennsylvania by Dairy Farmers through the American Dairy Association Dairy Council and Pennsylvania Dairy Promotion Program, plus Agribusiness organizations. The Pennsylvania Dairy Of Distinction Program is conducted with advice and help by Penn State cooperative extension.

HOW IS YOUR FARM SCORED?

Northeast Dairy Farm Beautification Program, Inc.

Awards will be based upon neatness, good maintenance and other factors which can be controlled by the farmer. Attractive background scenery should not be weighed heavily in judging. All judging observations should be made from a vehicle at one or more points on an adjacent public highway (or if farm is off the road, the nearest lane). Judging should give equal consideration to old wood construction and new construction of metal or concrete block.

The award program may be used for subsequent advertising or promotion activities for dairy products or dairy farming. Farmers who apply for awards agree that, if selected they will cooperate with these activities and make all reasonable efforts to maintain both the exterior and interior of their properties in an acceptable condition.

HOW THE APPLICATION WORKS

The owner or operator of the dairy farm should sign the application and send it to NEDFBP secretary by April 15.

HOW THE JUDGING WORKS

Judging teams will visit farms during the month of May. Farms will be judged each year as the award is presented on an annual basis. Any dairy failing to maintain appearance standards will be asked to remove their sign. The Dairy of Distinction signs remain the property of the committee, not the property of the dairy farmer. All farms must achieve a compliance score of 90 percent on their Dairy of Distinction score card. *Your cooperative or milk handler will be contacted to approve your milk quality.*

RULES FOR THE DAIRY OF DISTINCTION AWARD

1. The Dairy of Distinction sign remains the property of the Northeast Dairy Farm Beautification Committee.
2. The post and bracket shall be supplied by and maintained by the dairy farmer. It is suggested that a wood post 4' x 4' x 12' or iron pipe 2' x 12' be used. Posts or pipe should be installed and maintained in true vertical position with 8' above ground. Top of the bracket should be lower than six inches from the top of the post.
3. Sign shall be displayed in front of the dairy at roadside. An attractive post and bracket, or other frame, shall be used to display the sign. No more than three signs should be displayed from the sign frame or post, and all shall be of a style, general size and quality comparable to the Dairy of Distinction sign. Sign should be secured on all sides to avoid wind damage.
4. Signs shall not be moved to other premises. New owners of a Dairy of Distinction farm must apply to retain the sign.
5. Replacement of damaged signs shall be the discretion of the committee.
6. No producer shall be charged with scoring or sign expense.
7. Judges' decisions will be final.
8. Judging will take place between May 1st and May 31st.
9. Farms awarded a Dairy of Distinction sign in previous years will be judged between April 1st and April 30th. If they do not qualify, they will be rejudged between May 1st and May 31st so they have the opportunity to keep the sign.
10. Farms that do not requalify will return the sign to their regional Dairy of Distinction Committee.

Application

PURPOSE OF PROGRAM

Attractive dairy farms give the consumer greater confidence in the wholesomeness of milk and stimulate milk sales which encourages public support for the dairy industry. The award gives recognition to the dairy farmer for maintaining a well-kept farmstead.

ELIGIBILITY

All Northeast dairy farms producing milk for sale are invited to make application for the award. Dairies receiving the 10 highest scores in each of the 91 districts will receive an 18" x 24" Dairy of Distinction sign to be displayed in front of their farm.
