

(Continued from Page B13)

QUESTION — Marian Mosemann, Summit Hill, would like paper puzzles that were sometimes given away by the John Deere tractor franchises. The puzzles were made either out of thin cardboard or thick paper. The puzzle pieces were packaged inside a letter-sized envelope with instructions to solve the puzzle printed on the outside of the envelope.

QUESTION — Blanche Hertzler, Mt. Wolf, would like to purchase some old readers used in public school in the 1930s. She wants the third through sixth reader of the Baldwin and Bender series, copyrighted 1911 by American Book Company. She has the second reader. One of the readers has the poem "Taming the Colt," which she wants.

QUESTION — Marian Mosemann, Summit Hill, would like to know where to purchase gift boxes for jellies and breads. Candy boxes are too small.

QUESTION — Don Woodward, Honey Grove, would like to know where a corn cracker can be repaired and where he can purchase a small one.

QUESTION — J. Martin, Lititz, would like to know where to purchase a baler to make miniature bales for crafts and decorations.

QUESTION — Karen Kinnane, Box 212, Shartlesville, PA 19554 (610) 488-7792, is searching for Christmas dinnerware picturing a winter outdoor scene, marked on the back with Sango 3900 Silent Night, Korea, Joan Luntz.

QUESTION — Cindy Eshleman, Jones-town, would like to know where to locate a Cub Cadet tractor hat.

QUESTION — John T. Los, 2350 Croll School Rd., York, PA 17403, would like to talk with someone about the lithographs with the following information on them: Artist signature — Fred S. Cozzens 1893. Armstrong & Co. Lith. Boston. Copyright 1893 American Publishing Co. — Hartford, Conn.

QUESTION — Edgar Jackson, Ligonier, would like to know how to puff wheat, rice, and corn for making cereal.

QUESTION — Tom Hicswa, Hammonton, N.J., would like to purchase sheet metal parts for a Case tractor model 300B made about 1960. He wants a grill, gas tank cover, etc. Please send information to Hicswa at Box 2169 Elwood R1, Hammonton, N.J.

ANSWER — Mrs. Lloyd Weaver, Lancaster, wanted to know where to buy a paring knife that has a curved blade. Thanks to Susan Stahr, Emporium, who writes that the best paring knife, model #210-306, can be purchased for \$6.95 at Lehman Hardware, One Lehman Circle, P.O. Box 41, Kidron, Ohio 44636-0041.

ANSWER — Naomi Becker, Walnutport, wanted to know where to purchase netting to cover a fenced in area for pheasants, quail, etc. Thanks to Bruce Sensenig, Lebanon, who writes that Farmtek from Hopkinton, Iowa, has polyethylene gamebird netting advertised in their catalogue. Their phone number is 1-800-FARMTEK. Also D.L. Stoltzfus, Gap, writes that it may be purchased from B.F. Products, Inc. P.O. Box 6421, Harrisburg, PA 17112.

ANSWER — Anne Mitzler, Alum Bank, wanted the names of Pennsylvania suppliers for wheel carts for dachshunds with paralyzed hind quarters. She writes that both she and her Ginger would appreciate the answer as soon as possible because Ginger is disabled and needs the exercise. Thanks to a reader who wrote that the carts may be purchased at K-9 Cart Co., 532 Newtown Rd., Berwyn, PA 19312 (215) 644-6624. Also thanks to O.M. Raith, York, who suggests she contacts the following to get the best advice in the country for the care of her dog: University of PA Veterinary Hospital, 3850 Spruce St. H1, Philadelphia, PA 19104, (215) 898-4680.

ANSWER — Shirley Jean Ash, Bridgeport, W.V., has a poinsettia that is still blooming. She wanted to know how to have it blooming by next Christmas. Thanks to Mrs. Linford Stauffer, Quakertown, who writes, wait until the blossoms die. Cut off the stems 8 inches from the bottom so the plant is 8 inches tall.

When it is warmer and no chance of frost, set the plant outside on the porch. Water when the ground gets dry.

On or before the first frost comes, about October, bring the plant inside and put it into a room where the lights are not turned on at night.

Keep the plant on the window sill or a stand near the window. Use a little fertilizer a few times and keep watering the plant.

TOP 10 REASONS

WHY YOU SHOULD BUY A TANCO BALE WRAPPER

TANCO

COMPETITION

1. Five (5) points of support on turntable: Four heavy duty rollers add stability and support to the perimeter of the turntable in addition to the main central shaft. This allows Tanco wrappers to safely wrap the heaviest silage bales on rough or uneven ground.

Competition uses one central shaft to support the entire turntable mechanism

2. Single solid belt on turntable: The single belt enables Tanco wrappers to effectively wrap misshapen or soggy bales providing a positive surface for bale rotation.

Competition uses either no belts between rollers, or multiple belts which can allow bales to sag and slip

3. Adjustable extendable axle: On trailed models the extendable axle provides a wide, stable wheel base when loading bales. Eliminates the need for counter weights.

Competition must add counterweights or tandem axles as options to effectively handle silage bales

TANCO

COMPETITION

4. Top rollers on turntable: Extra rollers provide security to keep bales in place when wrapping at high RPM's (25) or on uneven terrain.

Competition - None

5. Unloading ramp on trailed models: The ramp allows bales to be unloaded gently. When a wrapped bale falls hard it can "burp." Once it "burps" the bale does not re-seal. The ramp gives a smooth transition between the ground and turntable.

Competition - optional drop mats or ramps available

6. Optional "High Rise" axle kit for soft ground conditions.

Compare!

7. Models available to fit every individual need, including machines to wrap big square bales. Tanco was first to build a large square bale wrapper, and continues to produce advancements in bale wrapping technology.

Limited product lines

8. Positive bale positioning: While being wrapped, bales are rotated the exact distance required to obtain optimum coverage.

Competition uses continuous hydraulic advance. Bales can slip or over-rotate giving an uneven wrap

9. Durability: Tanco's subframe is one of the heaviest of any machines available in North America. The low profile design keeps silage bales closer to the ground with a low center of gravity for stability. Tanco's features are the result of years of experience and input from hundreds of individual, and commercial users.

Competition - Compare!

10. Price: From a basic 3 point Model AW200, to the trailed Model AW400 with automatic cut & start, bale and batch counter, and tractor seat controls, Tanco prices are very competitive. Pay less for more features and durability than any other bale wrapper on the market.
