**EASTERN REGION FROZEN EGGS, MARCH 28, 1995. FEDERAL-STATE**

Prices were unchanged. The market tone was generally steady. Demand was no better than fair for immediate less-than-trucklot volumes, and most plants focused on filling previous commitments. Orders for future needs were minimal as most buyers waited until after the holidays to solidify purchases. Floor stocks of frozen products were at least adequate. Shell egg supplies were also at least adequate, and prices were unchanged.
