Stop Plugging!

Fill faster with Lancaster Level-Flo.

You can blow in as much as three tons of haylage a minute — over 100 feet up — with a new 12' center-fill Gooseneck from Lancaster Level-Flo. High profile and 33' larger diameter reduce friction to make plugging a thing of the past. And the Lancaster Level-Flo 12' gooseneck is fully enclosed to make sure your silage and haylage go into your silo — not on the roof.

Special Made For Harvestores.
