INDUSTRIAL PAINT LIQUIDATION

We have just received thousands of gallons of the highest quality, industrial grade paints as a result of military base closings and cancelled government contracts. These paints were made to comply with strict Federal specifications by manufacturers who supply the industrial market. They were designed for extreme duty in military service, making them far exceed typical applications in commercial or farm use. We have a limited amount of each of the types listed below. Buy now while we have it available-most can be stored for several more years. We can fax or mail full descriptions of most of the items.
