

Beef Quality Meetings Provide Valuable Learning Experience

KENNETT SQUARE (Chester Co.) — On Thursday, March 23, at the New Bolton Center, Chet Hughes of the Lancaster County

Extension office held the first of two Beef Quality Assurance certification meetings with the Southeast Regional Cattlemen's Association.

The first meeting involved classroom training videos, slides, and handouts on proper vaccine

handling and administration, humane animal handling, and food and safety issues as well as a pre-test and a post-test to determine

the knowledge of participants and how much they gained from the class. Discussion from producers (Turn to Page A22)

Jennifer Dunleavy properly applies a topical dairy treatment designed to control parasites.

Larry Nead, Chester County, checks the body temperature of a steer during the Beef Quality Workshop.

Heat Units

The Purafire heater provides a consistent, cleanburning and fuel efficient source of warmth for all types of poultry and swine houses. With near 100% efficiency, it uses less energy to yield greater BTUs for your money. Choose from two models: the C80M variable output (40,000 - 80,000 BTUH) and the C225 (225,000 BTUH). Each is LP or natural gas compatible and can be mounted inside or outside your confinement house.

SCALES

WayPig

WayPig Litter Scale
An entire litter can be placed in the portable WayPig at one time. The new oversize scale gives a clear readout of the weight in pounds and kilograms. The compact design allows it to glide easily through aisles and around tight corners.

WayPig 500
Animal Scale

This rust resistant steel scale is used for weighing up to the largest hog. The entire unit serves as the weighing area so that an animal leaning on the sides won't prevent an accurate reading.
