"THINK CONCRETE WHEN PLANNING FEED STORAGE"

"The Big Jim is doing a fine job bringing the feed down. We really believe the drive-thru, Big Jim System is worth anyone's consideration. It is costing more every year to grow forages and we feel our minimal quality and quantity losses are easily paying for the additional initial cost of this investment compared to that of a bunker. We are throwing no feed away and the cows are milking the best they ever have." (over 90 lbs. per cow.)
Signed/Atwater Farms
Rick Atwater

Drive your truck or mixer-wagon under the 12' high floor for fast and efficient delivery of your wilted hay or silage. Eliminate conveyors from silos to mixer.

30'x100' With Big Jim Drive Thru
Call for an appointment to discuss your storage needs and assistance in completing the "Cost Analysis Worksheet" developed by the Crop Storage Institute.

Bob Francis - (717) 264-9588

Also available in 20' and 24' diameter silos to store from 400 to 3,000 tons of forage.

MEMBER: International Silo Association/PA Forage and Grassland Council/AM. Society of Agricultural Engineers/Crop Storage Institute.
