

Regardless of the method used, it takes lots of scouring.

ANSWER—Doris Hellerick, Antes Valley, wanted to know where to purchase seeds for celosia Pink Tassels. It is a tall plant, not the wheat celosia. Thanks to Hazel Spamer who sent the following addresses as sources. Stokes Seeds Inc. Box 548, Buffalo, N.Y. 14240-0548. Park Seed Co., Cokesbury Rd., Greenwood, S.C. 29647-0001.

Berks Society 9

The March meeting of Group Nine of the Berks County Society of Farm Women met in the Reading City Hall office of Sgt. Stanley McCarty, who spoke on home and personal safety. He gave advice on how to make homes more secure and ourselves less vulnerable when we are out. We stopped at Amer's Restaurant for dessert and a short business meeting. An invitation was received from Group 5 for their 30th Anniversary Party. Three members will attend. Sue Hendricks will bake for Berks Heim Bingo.

The next meeting will be an Everyone's Birthday Party at Snuzzles Restaurant.

ANSWER — A reader wanted to know how we determine whose answer to use when we receive duplicate answers. Generally we try to use recipes from a variety of readers. Some readers send in batches of recipes on a regular basis. If we haven't received other answers, we will use those, but we don't like to limit printing recipes from a few readers. Sometimes, answers are printed and later more answers are received. If there is room, we sometimes print additional answers. If not, we file them to use at a later date. Some appear several months later but if too many similar recipes are received, it may never appear. Sometimes one person sends in a batch of recipes to the same answer and we receive no answers from other readers. In that case, several recipes appear by the same reader. We appreciate those who send in recipes regularly but hope they understand that we cannot print all of them. We do not keep the full addresses of those who ask questions or send in recipes. We do not have the time to send personal replies.

The reader also wanted to know how we select feature stories. We are always looking for ideas. We want our readers to send in suggestions for features or people who they think will make an interesting subject.

The reader also wanted to know if visitors may tour the office and see how the paper is put together. Yes. Tours are given, but call in advance. Our staff will be happy to answer your other questions then.

ANSWER — R.B. Beiler, 862 Valley Rd., Quarryville, PA 17566, wanted to purchase old Hardy Boy books — not new versions. Thanks to a reader who wrote that she has some books she will sell. Contact Ruth Ann Brubaker, 595 Brown Rd., Myerstown, PA 17067-1839; (717) 933-4623.

ANSWER — Brenda Fouts wanted to know how to remove baked on grease from the bottom of an electric frying pan. Thanks to Mrs. Ray Keeny who has success using S.O.S. and Brillo pads. It may also be soaked in water with degreaser.

M, MD, ML & WL PULVI-MULCHERS 7'4" THRU 30'

BETTER SEEDBEDS... BETTER YIELDS

M, MD SERIES
 7'4", 10'4", 12'4", 13'8" and 15'

ML03 SERIES

ML Pulvi-mulchers feature the 20", six-spoke ductile iron notched roller wheel and now available with 20" ductile iron crowfoot wheel. The Brillion Pulvi-mulcher crushes both surface and buried lumps and converts fall and spring plowing into a clod-free seedbed. The ductile iron wheels carry a five-year warranty against breakage. Available in 12'6", 13'10", 15'2" and 18'9"

WL03 SERIES

The WL is the latest example of how Brillion has met the challenge of the earth and competition. The front rollers break up surface clods. "C" shaped ribbon teeth or "S" spring tine teeth break up the soil to 6" in depth and pull clods to the surface. Available in 21'6", 25' & 30' Widths. Ductile Roller Wheels firm without compaction.
