Infinite cutting width adjustments make the new Case International 7500 semi-mounted moldboard plow your perfect choice for heavy duty plowing of rolling or contoured land. Or for adjusting to varying soils. You can vary furrow cuts from 14 to 22 inches (356 to 559 mm), so if you turn over cornstalks at 18" (457mm) or sod with a 14" (356 mm) cut, one plow is all you need. Also simplifies closing dead furrows and finishing headlands. Manual or hydraulic for 4 to 7 bottom plowing. The 7500 plows also feature exclusive Earth Metal® moldboards—the kind that withstand up to 50% more deflection than conventional moldboards without breaking. Check out the difference a custom cut can make in your fields. Stop in today.
