JAMESWAY DIRECT X-PRESS

NEW BELT FEEDERS & CONVEYORS

Big Capacity Delivery With All The Advantages Of Dependable, Efficient, Low Profile Direct Drive Design!

That's what farmers really appreciate about the new Jamesway family of Direct X-Press Feeders and Conveyors. All models feature a dependable and efficient heavy duty industrial drive, with enclosed oil bath and standard 1, 2 or 3 H.P. C-faced motors. Our direct drive design eliminates pulleys, jackshafts, sprockets chains, V-belts and shields. The low profile motor and drive can be mounted on either side for added installation versatility.

PLANNING FOR 1995 FEED STORAGE... WILTED HAY...SILAGE...HI-MOISTURE GRAINS

"The major costs on dairy and livestock farms are related to FEED: production - harvesting - storage - purchases - delivery to animals."

Significant savings in time and money are possible when you store and deliver your forage from a poured concrete silo, equipped with a Big Jim Distributor/Unloader.

Protect your valuable forages from rain, sleet, snow, mud, ice and wind. Reduce the stress! Increase the efficiency of your feeds, labor, and livestock.

At SOLLENBERGER SILOS CORP. we know a lot about feed storage and handling... we've been in the business since 1908. If you are thinking about new or additional feed storage, give us a call. We'd like to contribute to your success.

"This is the kind of silo you need to protect your valuable feed."

Fiberglass Bulk Feed Bins
