For Clod Busting Action See Binkley & Hurst Bros. Now For A New 13'10" Culti-Mulcher In Stock!

Binkley & Hurst Bros., Inc. Has A Culti-Mulcher With Quality Features

Weight Transfer is needed on some fields for best mulching results. Unique Farmhand system allows weight to be distributed between the front and rear rollers and the draw bar as needed.

Bearings on torsion-mounted hangers and roller tool bars combine with split roller axles to isolate shock loads. Up to 12 triple-lip sealed, self-aligning ball bearings are used on the main frame of each machine.

Levels Firms Seals

Farmhand WingPackers break clods, level seedbeds...then gently firm the soil to reduce air pockets and seal in moisture. Flat fold WingPackers range from 19' to 36' wide. Behind a disk harrow or field cultivator, they're an ideal final tool before planting. Behind a drill, they gently but firmly pack soil to increase seed-to-soil contact, improving germination for even field stands.
