

# YOU'RE SAFER WITH ZETOR POWER

**KERMIT K. KISTLER, INC.**  
7886 Kings Highway (Rt. 143), Lynnport, PA 18066  
610-298-2011

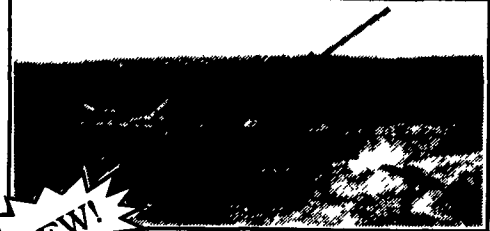

## BECAUSE ZETOR STILL BUILDS ITS TRACTORS ON A CAST IRON CHASSIS.

The weight of the iron provides a low center of gravity so that the tractor won't lose its balance easily. That means you're safer on a Zetor. The extra weight also provides greater pulling power so you get better performance.

In fact Zetor's Series 33 and Series 43 tractors are built with the same power train as Zetor's Series 63 tractors. The only difference is in the horsepower. That's why Zetor's smaller tractors usually accomplish more than competitive tractors with greater horsepower.

Stop spinning your wheels. Test drive the only tractor with Zetor Power and rediscover the power a heavy cast iron chassis delivers.

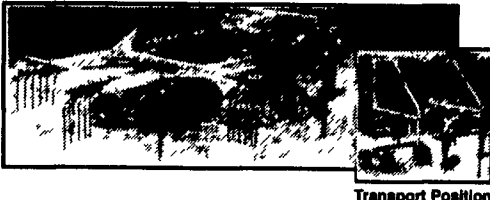

## I & J MANUFACTURING

**NEW!**

**FEATURES:** Forms a fluffy windrow without roping. Turns hay upside down. 10 ft. raking width or 12 ft. including windrow. Available in 3 pt. PTO or trailing ground drive or PTO. Lever operates from the cart which raises and lowers the rake also engages or disengages the gear.

**OPTIONS:** 20" Steel wheels or rubber tires or tandem axle.

**GRASS HEAD**
