YOU CAN DEPEND ON US

Introducing Kubota's new line of B-Series tractors! Reliable, efficient, compact tractors - designed to "Be There" with power and versatility when you need it most.

Equipped with our new E-TVCS low emission, "Low Noise" diesel engine, these 14-17 PTO HP B-Series set a new engineering standard for quiet, smooth operation. Their state of the art design ensures that the new B's are friendly to the environment, while enclosed mufflers that increase visibility and decrease noise result in added operator comfort. And, you can depend on the B-Series' optional hydrostatic transmission and Bi-Speed, - features that allow you single-pedal control of tractor speed, and fast, smooth turns when you're in a tight spot.

Rely on a new B-Series in 2 or 4-wheel drive, with standard hydrostatic transmission on the B2400, standard gear or hydrostatic transmission on the B1700 and B2100. And, you can be confident that separate and simultaneous rear and mid PTO's will give you maximum

productivity with a variety of implements.

For a rugged, user friendly tractor, depend on the new Kubota B-Series.

Kubota Tractor Corporation markets a full line of tractors through a nationwide network of over 1,000 dealers
