## National Egg Market

ATLANTA, GA

MAY 03, 1995

NATIONAL EGG MARKET - AT A GLANCE:

Prices were unchanged to lower in the Northeast and Mid-west, and elsewhere prices were unchanged. The market tone was barely steady to weak. Demand into retail channels was unaggressive, and generally no better than moderate unless fea-

tures were in progress or planned. Supplies of the large sizes were adequate to long, and surplus offerings usually traded at discounts; medium supplies were generally adequate. Breaking stock supplies were at least adequate for the light to moderate demand, and the undertone was no better than steady, and many buyers bid lower prices. Live hen offerings remained at least adequate.

# BULK IN A BAG

the performance of encapsulation.  
The convenience of a dry.

At A Price Comparable To Other Bulk Herbicides

Timed-release Partner® is agriculture's first dry encapsulated herbicide. It provides season-long grass control. It goes into solution quickly and the easy-handling 25 lb. bag can cover up to 8 acres. Plus, there are no messy jug disposal problems to worry about either. Any way you look at it, Partner is the easier way to control weeds.
