# MAY Rural SPECIAL Economy

### Cost-efficient Centurydrain™

roofing and siding is on some of the  
best looking buildings in the country.

Build with Centurydrain roofing and siding  
and you've built a money-wise structure. Full-  
hard, high tensile galvanized steel, and an  
exclusive drain channel for a dry interior  
give you a building that'll handle years of  
hard duty and hard weather. Good looking, too.  
Crisp lines and plenty of bright, long-lasting  
colors make Wheeling Centurydrain as  
handsome as it is economical.

ORDERS CAN BE PLACED: MAY 1, 8, 15, 22 & 29

## Side with Alumax ALU-TUFF Steel

When you put up a building, you expect it to be attractive and to last.  
A building constructed with ALU-TUFF will meet those expectations.  
That's because ALU-TUFF is made using top-quality materials, super-  
tough protective coatings, and a unique rib design that's both functional  
and attractive.

Years from now when other buildings are starting to show their age,  
your building will still look good.

- **A STRONG PROFILE**  
High 3/4-inch ribs on nine-inch centers give ALU-TUFF exceptionally high spanning properties for its weight and thickness, while stiffening ribs in flat areas prevent rippling.
- **A GREAT LOOKING PANEL**  
You don't have to sacrifice good looks to get a tough steel panel.
- **MORE QUALITY FEATURES**  
Each ALU-TUFF sheet is 38 inches wide to provide 36-inch coverage. That's wide enough to minimize the number of side laps, yet narrow enough to be easy to handle.
- **MADE TO LAST**  
To keep Alu-Tuff working hard and looking good for years to come, we protect it with an oven-cured system of four different coatings.
